

Scripture: Luke 8:42b-48

Main Idea: Today, we see Jesus heal a woman who has been sick for a long time. The woman is healed by touching Jesus' clothing in a crowd. Jesus didn't have to do anything. But the Bible tells us that God is our comfort—and so we can think of Jesus as our comforter—and Jesus cannot let the woman leave without receiving words of comfort. One thing that makes me feel better when I need comfort is a cozy blanket. And some of my favorite blankets have been made by other people for me when I've needed comfort. When have you needed comfort? What gives you comfort?

Activity: Think of the ways you can show comfort to others and how others have shown comfort to you—then draw pictures in the quilt squares or color with comforting colors while thinking of these things.
