

Bible Story: John 2:1-11

Main Idea: Have you ever shown up to a birthday party where the host only had one cupcake for the person whose birthday it is? Or showed up to a big feast only for the food to run out early? Today, we hear about Jesus being at a wedding in Cana and the host ran out of wine. This would've been embarrassing for the hosts. Jesus saves the host from their embarrassment however by changing water into wine. We don't often think of the bowl of chips running out at a party as a prayer worthy, miracle occasion. But today we learn that we can turn to God in all of our needs big and small.

Activity: If you could create a miracle for someone, what food would you fill their plate with? What drink would you fill their cup with? Draw these items in the space below.
