

Scripture: Luke 12:13-21

Main Idea: In this week's story Jesus tells a parable about a person who has an overabundance of grain—so much that it cannot fit in the place they have to store it. Instead of sharing their grain—they decide to build bigger barns to store it in. However, Jesus ends the parable by telling us that this is foolish because the person will never get to use the grain. This comes as a warning to watch out and guard yourself against greedy or selfish acts. God provides enough for us all—often all we have to do is share.

Activity Sheet: The second page is a sheet with four bookmarks. Print out the page and color the bookmarks in. When you are done decorating them, keep one for yourself—but share the other 3 with others—very few people need 4 bookmarks at one time, but a lot of us could use 1.

Printable Bookmarks: Print, color in, cut out & enjoy!
