Bible Story: Isaiah 25:6-9

Main thoughts: In our Bible Story, the prophet Isaiah has a vision (like a dream) where God comes to him and promises that one day every one will have food to eat. Not just a tiny bit of Brussell Sprouts and Prune Juice, but heaping amounts of the most delicious foods and drinks. And not only that, but God's children will no longer feel sadness or cry—but just experience the joy of God's presence. How cool is that?

Activity: Below is a picture of a dining room. Fill the table with the foods and drinks you hope are part of the promise that God is preparing for us.
