**Theme:** Baptism

**Wonder:** Have you ever seen a Baptism? People stand up front, words are said, water is poured on someone's head. Sometimes there is even crying. Have you ever wondered what is really happening when someone in the church gets Baptized? Jesus calls us to be Baptized—and much like when you get really messy and dirty and need a bath—Baptism is a gift given to us that changes us and makes us clean. It washes away all of our sin (or the things we do that separates us from God) and makes us shiny and new. It's just not a change we can physically see—but when we are filled by the Spirit in our Baptism we shine forth differently—feeling secure in the gift of God's love and being a part of the family of God.

**Do:** In Baptism we officially become part of the church. There are a lot of gifts of being part of the church together. Think of something you love about being at church and draw a picture of that in the present below.
